

## INDEX TO VOLUME XIX.

[NOTE.—Names of Authors and Debaters are printed in SMALL CAPS; Titles of Papers are printed in *italic type*.]

	PAGE
Acid action on steel.....	303
ALBREE, C. B., disc., patents.....	659
ALDRICH, W. S., <i>Notes on rating electric power plants upon the heat-unit standard</i> .....	93
Alloys of aluminium.....	551
ALMOND, THOS. R., disc., carbon contents of piston rods, 703; properties of alloys.....	569
Aluminium alloys.....	551
Alzinc.....	559
<i>An accurate cost-keeping system</i> , H. M. NORRIS.....	387
<i>Auxiliary engines and transmission of power on naval vessels</i> , G. W. DICKIE.....	233
BAKER, C. W., <i>What is the heating surface of a steam boiler?</i> 571; disc., non-conducting coverings, 752; experiments on cast-iron cylinders, 613; patents, 655; properties of alloys, 568; seamless tubes, 776; setting of boilers.....	
	803
BALL, F. H., disc., multiple-cylinder steam-engines.....	196
BARNABY, C. W., disc., heating surface of a steam boiler, 582; relations between purchaser, engineer, and manufacturer, 696; setting of boilers, 793; standard method of engine tests.....	724
BARR, JNO. H., disc., multiple-cylinder steam-engines.....	203
BARRUS, GEORGE H., <i>Plea for a standard method of conducting engine tests</i> .....	713
BATES, A. H., disc., non-conducting coverings, 751; patents.....	645
<i>Bending test of locomotive stay-bolts</i> , FRANCIS J. COLE.....	662
BENJAMIN, C. H., <i>Experiments on cast-iron cylinders</i> .....	597
BENNETT, EDWIN H., memorial notice of.....	979
BESSEMER, HENRY, memorial monograph on.....	881
Bessonette cotton press.....	823
BIRD, W. W., disc., heating surface of a steam boiler.....	586
BISSELL, G. W., <i>A boiler setting</i> , 74; disc., setting of boilers.....	798
Boiler, heating surface of.....	571
Boilers, setting of.....	781
<i>Boiler setting</i> , G. W. BISSELL.....	74
<i>Boiler tests: classification of data and plotted results</i> , W. W. CHRISTIE.....	330
BOOTH, EDGAR H., memorial notice of.....	974
BOURNE, S. N., disc., ginning and baling cotton.....	825
BOYER, FRANCIS H., disc., setting of boilers, 795; standard method of engine testing.....	837

	PAGE
BRASHEAR, JNO. A., disc., optical glass.....	59
BRINSMADE, L. L., <i>Multiple-cylinder steam-engines: effects of variation of proportions and variable loads</i> .....	152
BRUSH, CHARLES B., memorial notice of.....	967
BRYAN, W. H., <i>The relations between the purchaser, the engineer and the manufacturer</i> , 686; disc., heating surface of a steam boiler, 592; non-conducting coverings, 744; setting of boilers.....	798
<i>Calibration of weir and tests of centrifugal pumps at the Bridgeport pumping station, at Chicago, Ill.</i> , R. C. CARPENTER.....	255
Carbon contents affecting endurance.....	700
CARPENTER, R. C., <i>Mechanical properties of certain aluminium alloys</i> , 551; <i>method of manufacture and tests of a new seamless tube</i> , 754; <i>tests of centrifugal pumps and calibration of weir at the Bridgeport pumping station, Chicago, Ill.</i> , 255; disc., boiler tests; classification of data, etc., 345; electricity in cotton mills, 474; non-conducting coverings, 742; standard method of engine testing, 833; standard method of engine testing.....	718
CARY, A. A., disc., a water-purifying plant.....	428
CARY, Mrs. R. A., presents Fulton portrait.....	3
Cast-iron cylinders, experiments on.....	597
<i>Cast iron under impact</i> , W. J. Keep.....	351
Caveats.....	618
Centrifugal pumps and calibration of weir at the Bridgeport pumping station, Chicago, Ill.....	255
CHRISTIE, JAS., disc., reduction in cost of steam power.....	320
CHRISTIE, W. W., <i>Boiler tests: classification of data and plotted results</i> , 330; disc., standard method of engine testing.....	832
COLE, FRANCIS J., Bending tests of locomotive stay-bolts.....	662
Commercial efficiency of engines.....	544
<i>Convenient form of wire-testing machine</i> , A. L. RICE.....	71
Cost-keeping system.....	387
Cost of steam power from 1870 to 1897.....	301
COTTIER, JOSEPH C. G., memorial notice of.....	972
Cotton ginning.....	811
Cotton mills, electricity in.....	467
Cylinders, experiments on.....	597
DEAN, F. W., <i>Reduction in cost of steam power from 1870 to 1897</i> , 201; disc., heating surface of a steam boiler.....	590
Development of Niagara Falls power plant.....	839
DICKIE, G. W., <i>Auxiliary engines and transmission of power on naval vessels</i> .....	233
Digests of patents.....	640
DONKIN, BRYAN, <i>Extension of the standard uniform methods of conducting and reporting steam-engine tests</i> .....	827
DREDGE, JAS., memorial of Sir Henry Bessemer.....	881
DURFEE, W. F., disc., a water-purifying plant.....	440
<i>Dustless buildings</i> , C. J. H. WOODBURY.....	104
DWELSHAUVERS-DERY, V., disc., multiple-cylinder steam-engines.....	207

	PAGE
Effect of cast iron under impact.....	351
Efficiency of engine .....	537
Electric purification of feed water .....	437
Electrical work, standards for.....	984
<i>Electricity in cotton mills</i> , W. B. SMITH WHALEY.....	467
EMERY, CHARLES E., memorial notice of.....	977
Employees' rights.....	660, 624
Endurance of piston-rods under fatigue .....	700
Engine tests, standard method for.....	827, 713
Expansion of boilers.....	801
<i>Experiments on cast-iron cylinders</i> , C. H. BENJAMIN.....	597
<i>Extension of the standard uniform methods of conducting and reporting steam-engine tests</i> , BRYAN DONKIN.....	827
Fatigue of piston-rods.....	700
FAWCETT, EZRA, disc., patents, 655; setting of boilers.....	794
Feed-water purification .....	415
FICKINGER, P. J., <i>Method of manufacture and tests of a new seamless tube</i> ..	754
FIELD, BURR KELLOGG, memorial notice of .....	975
FLAGG, Stanley G., disc., standing of pipe unions .....	30
FLETCHER, ANDREW, <i>The Stevens valve gear for marine engines</i> .....	449
Foreign patents .....	641
FOSTER, C. E., disc., patents. ....	642
GALE, HORACE B., disc., multiple-cylinder steam-engines, 204; transmission of power on naval vessels.....	252
GARRETT, WM., disc., heating surface of a steam boiler, 585; setting of boilers.....	804
Gear chart .....	109
GEYELIN, E. C., explains Niagara turbine wheels.....	506
<i>Ginning and baling cotton from 1798 to 1898</i> , GEORGE A. LOWRY. ....	811
<i>Glyptic models and graphic diagrams</i> .....	514
<i>Graphic diagrams and glyptic models</i> , R. H. THURSTON.....	514
GRAY, THOS. H., disc., experiments on cast-iron cylinders, 610; non-conducting coverings.....	749
GREEN, SAM'L. M., disc., a water-purifying plant.....	437, 444
GRIFFIN, C. L., disc., strength of gear chart.....	114
GUELBAUM, DAVID, <i>The law of hydraulic obstruction in closed streams</i> ....	216
HALE, R. S., disc., reduction in cost of steam power.....	319
HALSEY, F. A., disc., an accurate cost-keeping system.....	397
<i>Hanging and setting of the horizontal fire-tube boiler</i> , O. C. WOOLSON.....	781
HARTNESS, JAS., <i>A screw die for the turret lathe</i> , 77; <i>a stay-bolt threading device</i> .....	81
HAWKINS, T. J., disc., a water-purifying plant.....	443
Heating surface of a boiler .....	571
Heat-unit standard of rating power plants.....	93
HENNING, G. C., disc., a water-purifying plant, 440; carbon contents of piston-rods, 705; dustless buildings, 106 and 108; heating surface of a steam boiler, 581; reports Stockholm congress for testing materials, 1897, 18; seamless tubes, 775; setting of boilers, 796; tests of stay-bolts....	680

	PAGE
HERR, E. M., urges need of uniformity in pipe unions .....	29
HOPPE, J. J., disc., standardizing of pipe unions.....	30
HUGO, T. W., disc., heating surface of a steam boiler, 583; relations between purchaser, engineer, and manufacturer, 697; setting of boilers.	800
HUNT, C. W., disc., an accurate cost-keeping system .....	407
HUTTON, F. R., disc., non-conducting coverings .....	751
Hydraulic cotton compress.....	821
Hydraulic obstruction in closed streams.....	216
IDE, ALBERT L., memorial notice of .....	966
Infringements.....	638
INSLEE, W. H., memorial notice of.....	980
JOHNSON, JOS. E., <i>Note on the carbon contents of piston rods, as affecting their endurance under fatigue</i> .....	700
KAFFER, J. C., disc., Stevens valve gear.....	460
KEEP, W. J., <i>Cast iron under impact</i> .....	351
KENT, Wm., disc., a water-purifying plant, 438; boiler tests; classification of data and plotted results, 349; cast iron under impact, 379; electricity in cotton mills, 471; experiments on cast-iron cylinders, 611; reduction in cost of steam power, 318; Stevens valve gear, 461; tests of centrifugal pumps, 297; thermo-dynamics without the calculus.....	496
KNEASS, S. L., disc., cast iron under impact .....	379
LA FORGE, F. H., disc., heating surface of a steam boiler, 586; setting of boilers.....	804
<i>Law of hydraulic obstruction in closed streams</i> , D. GUELBAUM.....	216
Locomotive stay-bolts, tests of.....	662
LOWRY, GEORGE A., <i>Ginning and baling cotton from 1798 to 1898</i> .....	811
MCBRIDE, JAMES, disc., heating surface of a steam boiler, 588; setting of boilers.....	795
McCool process for tubes.....	760
McELROY, SAMUEL, disc., tests of centrifugal pumps.....	296
<i>Machine moulding without stripping plates</i> , E. H. MUMFORD.....	83
MAIN, CHAS. T., <i>The valuation of textile manufacturing property</i> , 119; disc., electricity in cotton mills.....	472
MAILLEFERT, GUSTAVE J., memorial notice of .....	975
MAGRUDER, W. T., disc., standard method of engine tests .....	723
MAYO, JNO. B., <i>A strength of gear chart</i> .....	109
Mannesmann process for tubes.....	756
Mechanical features of the power development at Niagara Falls .....	839
<i>Mechanical properties of certain aluminium alloys</i> , R. C. CARPENTER .....	551
MEIER, E. D., disc., heating surface of a steam boiler, 583; relations between purchaser, engineer, and manufacturer, 694; setting of boilers..	803
Memorial of Sir Henry Bessemer, JAMES DREDGE.....	881
<i>Method of manufacture and tests of a new seamless tube</i> , R. C. CARPENTER and P. J. FICKINGER.....	754
MEYER, H. C., disc., non-conducting coverings.....	745

	PAGE
MORGAN, THOMAS R., memorial notice of.....	968
MORRISON, GEORGE C., disc., patents.....	654
Moulding without stripping plates.....	83
<i>Multiple-cylinder steam-engines: effects of variation of proportions and variable loads</i> , R. H. THURSTON and L. L. BRINSMADE.....	152
MUMFORD, E. H., <i>Machine moulding without stripping plates</i> .....	83
NASH, LEWIS H., disc., standardizing of pipe union.....	30
National electrical code.....	35
NEWCOMB, C. L., disc., a water-purifying plant.....	441
Niagara Falls power development.....	839
Non-conducting coverings.....	730
NORRIS, H. M., <i>An accurate cost-keeping system</i> .....	387
NORTON, C. L., <i>The protection of steam-heated surfaces</i> .....	729
<i>Note on the carbon contents of piston-rods, as affecting their endurance under fatigue</i> , JOS. E. JOHNSON.....	700
<i>Notes on rating electric power-plants upon the heat-unit standard</i> , W. S. ALDRICH.....	93
O'CONNELL, JOHN C., memorial notice of.....	982
<i>Optical glass</i> , J. A. BRASHEAR.....	59
OTIS, SPENCER, disc., carbon contents of piston-rods, 707; non-conducting coverings, 748; tests of stay-bolts.....	679
PARKER, CHARLES H., memorial notice of.....	965
<i>Patents</i> , JAMES W. SEE.....	616
Performance of electric power-plants on the heat-unit standard, appendix, "rating electric power-plants".....	102
PLATT, JOS. C., memorial notice of.....	982
<i>Plea for a standard method of conducting engine tests</i> , GEORGE H. BARRUS.....	713
POMEROY, L. R., disc., Stevens valve gear.....	460
Power plant, Niagara Falls.....	839
Proceedings of New York XXXVIth Meeting.....	3
Proceedings Niagara Falls Meeting.....	501
<i>Protection of steam-heated surfaces</i> , C. L. NORTON.....	729
Purifying plant.....	415
RANDOLPH, L. S., disc., an accurate cost-keeping system, 405; boiler tests; classification of data and plotted results, 350; a water-purifying plant.....	433
Rating electric power-plants upon the heat-unit standard.....	93
<i>Reduction in cost of steam power from 1870 to 1897</i> , F. W. DEAN.....	301
<i>Relations between the purchaser, the engineer, and the manufacturer</i> , W. H. BRYAN.....	686
Report of the delegate to the Sixth Congress of the International Association for Testing Materials.....	18
Report on standard electrical rules.....	33
Resolution suggesting appointment of committee on standards for pipe threads.....	30
RICE, A. L., <i>A convenient form of wire-testing machine</i> .....	71

	PAGE
RICHMOND, GEO., <i>Thermo-dynamics without the calculus</i> .....	477
ROBINSON, A. WELLS, disc., standard method of engine tests.....	726
ROBINSON, S. W., disc., carbon contents of piston-rods, 707; heating surface of a steam boiler, 581, 587; non-conducting coverings, 747; patents, 660; standard method of engine tests.....	726
ROCKWOOD, GEO. I., disc., proportions for compound engines, 152; a water-purifying plant, 439; multiple-cylinder steam-engines, 198; Stevens valve gear, 459; valuation of textile manufacturing property .....	148
ROGERS, WILLIAM A., memorial notice of .....	968
ROGERS, W. S., disc., an accurate cost-keeping system.....	400, 409
Rules for electrical work .....	984
Rules for electrical installations.....	33
SCHOENLEBER, J. W., memorial notice of.....	981
<i>Screw die for the turret lathe</i> , JAS. HARTNESS.....	77
Screw-threading device.....	81
Seamless tube, tests of.....	755
SEE, JAS. W., <i>Patents</i> .....	616
SELLERS, COLEMAN, <i>Some of the mechanical features of the power development at Niagara Falls</i> .....	839
Setting of boilers .....	782
SHARP, JOEL, memorial notice of .....	981
SMITH, OBERLIN, disc., an accurate cost-keeping system. ....	403
SOUTHER, HENRY, disc., carbon contents of piston-rods, 706; properties of alloys, 567; seamless tubes.....	771
Standard electrical rules.....	984
Standard method of conducting engine tests .....	828, 713
STANWOOD, J. B., disc., standard method of engine testing.....	722
Stay-bolts, tests of.....	662
Steam cotton compress .....	819
<i>Stay-bolt threading device</i> , JAS. HARTNESS.....	81
Steam-engines, multiple-cylinder, effects of variation of proportions.....	152
Steam generation model.....	531
Steam power, reduction of cost.....	301
STEARNS, W. E., memorial notice of.....	977
<i>Stevens valve gear for marine engines</i> , ANDREW FLETCHER .....	449
Steifel process for tubes.....	357
STILLMAN, HOWARD, <i>A water-purifying plant</i> .....	415
STIRLING, ALLAN, disc., boiler tests; classification of data, etc., 340; reduction in cost of steam power.....	324
<i>Strength of gear chart</i> , JNO. B. MAYO.....	109
SUPLEE, H. H., disc., an accurate cost-keeping system, 406 and 443; carbon contents of piston-rods, 704; experiments on cast iron cylinders, 611; heating surface of a steam boiler, 586; non-conducting coverings, 745; properties of alloys, 568; setting of boilers, 796; standard method of engine testing, 836; tests of centrifugal pumps, 298; transmission of power on naval vessels.....	254
SWEET, JOHN E., disc., carbon contents of piston-rods, 705; non-conducting coverings, 747; tests of stay-bolts .....	682
System of cost-keeping .....	387

	PAGE
<i>Telescope considered historically and practically</i> , W. R. WARNER.....	37
Temperature entropy diagram .....	477
Testing machine, for wire.....	71
Tests of a seamless tube.....	755
<i>Tests of centrifugal pumps and calibration of weir at the Bridgeport pumping station</i> , Chicago, Ill., R. C. CARPENTER .....	255
Tests of engines, standard method for.....	828, 713
Tests of locomotive stay-bolts.....	662
Tests of non-conducting coverings .....	730
Textile manufacturing property, valuation of.....	119
<i>The generating plant of the Niagara Falls power company</i> , COLEMAN SELLERS .....	839
Thermo-dynamic model.....	529
<i>Thermo-dynamics without the calculus</i> , GEO. RICHMOND.....	477
THOMAS, JOHN, memorial notice of.....	965
THURSTON, R. H., <i>Graphic diagrams and glyptic models</i> , 514; <i>Multiple-cylinder steam-engines: effects of variation of proportions and variable loads</i> , 152; disc., a water-purifying plant, 439; reduction in cost of steam power, 313; tests of centrifugal pumps, 295-299; uniform specification and methods of inspection of metals .....	27
Transfer of heat .....	743
Transmission by electricity.....	467
<i>Transmission of power on naval vessels</i> .....	233
TRUMP, E. N., disc., a water-purifying plant.....	435
Turret lathe, screw-die for .....	77
Uniform specifications and methods of inspection of metals .....	24
<i>Valuation of textile manufacturing property</i> , C. T. MAIN.....	119
Variations of proportions and variable loads in multiple-cylinder steam-engines .....	152
Valve gear for marine engines.....	449
VARNEY, W. W., disc., patents.....	651
WARNER, W. R., <i>The telescope considered historically and practically</i> .....	37
<i>Water purifying plant</i> .....	415
WEAVER, NORMAN R., memorial notice of .....	973
WEBBER, WM. O., disc., reduction in cost of steam power.....	323
Weir, calibration of.....	255
Wires, current capacity of.....	1018
WEST, THOS. D., disc., cast iron under impact.....	381
WHALEY, W. B. SMITH, <i>Electricity in cotton mills</i> .....	467
<i>What is the heating surface of a steam boiler?</i> C. W. BAKER.....	571
Whitney cotton gin .....	814
WINSHIP, JAS. G., disc., the Stevens valve gear .....	465
Wire-testing machine.....	71
WOODBURY, C. J. H., <i>Dustless buildings</i> , 104; presents report on standard electrical rules, 33; disc., valuation of textile manufacturing property..	149
WOOLSON, O. C., <i>The hanging and setting of the horizontal fire-tube boiler</i> , 781; disc., boiler setting .....	76
